

ACTintelligent

Cloud-based Industrial Battery and
Charger Data and Asset Management

REMOTELY MONITOR, MANAGE AND CONTROL YOUR INDUSTRIAL BATTERY AND CHARGER ASSETS

Real-time status and performance data is analyzed and centralized in a dashboard view to help you troubleshoot, problem solve, and optimize the efficiency of your battery and charger fleets across all sites.

ACTintelligent

Predictive and Proactive Industrial Battery and Charger Maintenance

- Automated data uploads with real-time analytics & reports accessible from anywhere, anytime and from any device
- Avoid unplanned equipment downtime and service costs with automated alerts
- Protect the integrity of your assets while increasing efficiency and minimizing costs
- Remote troubleshooting and service dispatch

DATA DRIVEN SOLUTIONS TO HELP YOU SUCCESSFULLY MANAGE YOUR INDUSTRIAL CHARGER AND BATTERY FLEETS

Proactive Support from ACT's Network Operations Center (NOC):

- Technical Engineering Staff co-located in California and Florida
- Remotely monitor the charger and battery conditions daily
- Dispatches local service if problem can't be resolved remotely

Proactive support from your local DEKA Agent Network Organization (DANO):

- Weekly battery alerts are sent to Dealer and Customer
- Local servicing dealer will be notified if battery condition needs attention

Integrated Solution for Smart Battery Charging and Monitoring

**The Industry's first smart
battery monitor**

Remotely analyze fleet performance through advanced data analytics, battery utilization and battery performance data.

**The Industry's first smart
battery charger**

Manage & send commands remotely to start, stop or optimize charge cycles. Industry's highest charge efficiency (> 94% peak).

**DATA IS ONLY USEFUL
IF YOU ACT ON IT**

ACT Intelligent Benefits:

	BATTview	BATTview & Quantum
Remote firmware & software updates	X	X
Maximum data security & user authentication	X	X
Automated data uploads with real-time analytics & reports with 24/7 access	X	X
Access real-time analytics anytime from your desktop, mobile or tablet	X	X
Remote monitoring of battery utilization & performance	X	X
Automated alerts and service schedules	X	X
Data analytics simplified on Dashboard to help you optimize the efficiency of your fleet	X	X
Communication & intelligence between BATTview and Quantum		X
Real-time control with remote commands to the ACT Quantum charger		X
Remotely manage & program optimal charge and equalization cycles		X
Optimize charger energy usage with Energy Management including lockout and power limiting features		X
Customize reports with advanced analytics to gain deeper insights into your operations		X
